February 26, 2010

To our valued customers,

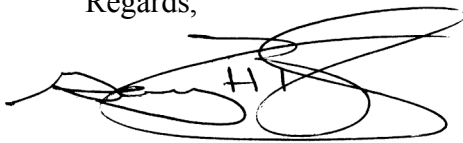

Due to escalating costs, we find it necessary to increase our prices. We do not plan to print a new price book at this time. These changes will be implemented by a discount adjustment (see enclosed distributor discount page).

Prices for brass and iron products manufactured in our Wabash, Indiana facility will increase by 4%. Pell City, Alabama pipe products will also increase 4%.

Uni-Flange products will not be increased.

**This price increase is effective at the start of business on Friday, April 16, 2010.**

Regards,

Gary H. Bryant  
Senior Vice President
