

CX3LP Plastic Lid

Product Release

02/2009

Simplify your Automatic Meter Reading (AMR) system with Ford's plastic 11-1/2" overlapping lid, product code CX3LP for Ford's type "C" and "X" covers.

- Permits AMR signals to be easily transmitted
- Locking lid made from high strength polypropylene
- UV resistant
- Impact resistant
- Slip resistant
- Retrofits to any existing Ford type "C" or "X" cover with an 11-1/2" overlapping lid
- Optional ERT bracket (add "-BR" to end of product code)
- Excellent for lawn applications, walkways or other non-vehicular traffic areas

The optional ERT bracket mounted to the underside of the plastic lid allows the ERT device to easily transmit signals through the lid. Meter readers will no longer have to remove lid to obtain meter readings.

Save time, money and labor with Ford's CX3LP Plastic Lid. Contact The Ford Meter Box Company, Inc., or your local Ford distributor for more information on this or other styles of Ford plastic lids.
