

### FORD METER BOX ANNOUNCES AN ADDITION TO THEIR ULTRA-FLEX COUPLING PRODUCT LINE... THE FC2W-3

It may be small, but this robust 3" coupling offers a large range and is exceptional for connecting nominal size, dissimilar pipe. As with all our FC2W Ultra-Flex couplings, there is no disassembly required. It simply slides onto the end of the pipe, and as the fasteners are tightened with a deep-well socket, the gaskets compress firmly on the pipe.

- High-quality, ductile iron construction per ASTM A536
- HSLA fasteners per ASTM A242 and AWWA C219
- Exclusively designed, pre-lubricated Buna-N gasket per ASTM D2000
- Fusion-bonded epoxy coating
- 350 PSI water pressure rating or equal to the pipe rating on which it is installed
- Each size has been tested in excess of 525 PSI per AWWA C219

ULTRA-FLEX FC2W WIDE RANGE COUPLINGS			
NOMINAL PIPE SIZE	PIPE O.D. RANGE		PRODUCT NUMBER
	Inches	MM	
3"	2.50 - 4.29	63.5 - 109.0	FC2W-3
4"	3.96 - 5.60	100.6 - 142.2	FC2W-4
6"	6.23 - 7.60	158.2 - 193.0	FC2W-6
8"	8.40 - 9.75	213.3 - 247.6	FC2W-8
10"	10.75 - 12.12	273.0 - 307.8	FC2W-10
12"	12.75 - 14.38	323.8 - 365.2	FC2W-12

Smaller pipe diameters may be accommodated within each nominal size at a reduced pressure rating, contact factory for details.

Optional: 304 or 316 stainless steel nuts and bolts  
 Blue fluorocarbon coating on HSLA nuts and bolts  
 EPDM gasket

All FC2W's provide quality, performance and ease of installation. To find out more, contact your Ford distributor or The Ford Meter Box Company, Inc.
