Other sizes and ranges available. Contact factory for details.

Note: Buna-N gaskets for the 4", 6", 8", 10" and 12" sizes, with 3/4" and 1" taps, have a coined body with recessed O-ring. To order these sizes with a flush body and tapered gasket, add "-OS" after the OD in the catalog number. Example: FS303-905-OS-CC4. All other saddle sizes and taps have a tapered-pad gasket.
