**Compliance to the Buy American Clause of the
American Recovery and Reinvestment Act (ARRA) of 2009**

SERIES UFR1300-U, UFR1400-U, and UFR1500-U

Uni-Flange Series UFR1300, UFR1400, and UFR1500 Restraints are offered in both domestic and foreign supplied castings. A segregated inventory of each restraint is maintained at our Pell City, Alabama factory. If specified at the time or order, domestically supplied castings will be provided. All Uni-Flange restraints ordered and shipped with the suffix -U (USA) will be manufactured by The Ford Meter Box Company, Inc. in Pell City, Alabama, United States of America in accordance with the American Recovery and Reinvestment Act (ARRA) of 2009 and the Environmental Protection Agency (EPA).

All castings, regardless of origin, are received and inspected in accordance with the Ford Meter Box Quality Program. The Ford Meter Box Company is registered by Underwriters Laboratories, Inc. to the International Standards Organization for the ISO 9001-2000 standard for quality. This is one of the most comprehensive standards within the ISO series, which establishes a model for quality assurance in design/development, production, installation, customer service and satisfaction.
