

June 3, 2009

**Compliance to the Buy American Clause of the
American Recovery and Reinvestment Act (ARRA) of 2009**

**CERTIFICATION
For
CAST IRON CURB BOXES**

This is to certify that all cast iron Curb Boxes, as furnished by The Ford Meter Box Company, Inc., Wabash, Indiana, listed in our Product Catalog, meet all applicable standards of ASTM A48 Class 25.

The Curb Box consists of a cast iron lower section, a steel pipe upper section and a cast iron lid. The lid shall attach to the upper section with pipe threads. The upper and lower sections shall allow a 12" height adjustment for variable service line depths and shall be secured with a silicon bronze tension ring.

Ford Curb Boxes are designed and manufactured in the United States for standard water works applications.
