

EC or ECL Expansion Connection with Check Valves

Product Release

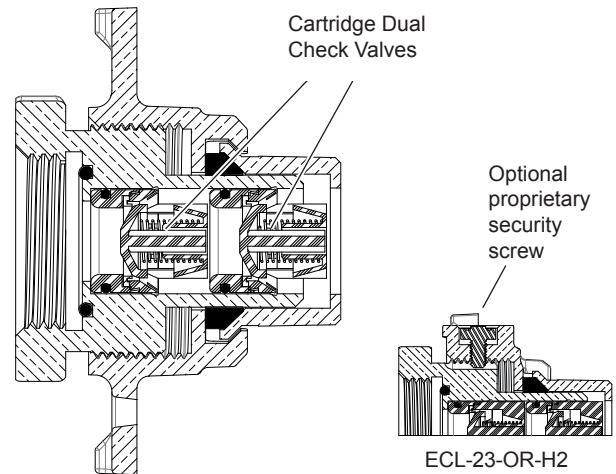

02/2011

CHECK INTO THIS EXPANSION CONNECTION!

The Ford Meter Box Company has integrated a dual cartridge check valve assembly into a meter expansion connection: a first of its kind.

It's an easy and inexpensive way of incorporating a backflow preventer into an existing meter box, as compared to the traditional method of excavating the service.

- Available in 5/8", 5/8" x 3/4" and 1" meter sizes
 - 5/8" and 5/8" x 3/4" sizes have dual cartridges
 - 1" has a single cartridge
- Replaceable cartridges
- 180 degrees Fahrenheit maximum working water temperature
- 150 psi maximum working water pressure
- Locking proprietary security screw option
- No-lead brass option is available (UNS NO. C89833 alloy) add "-NL" to the end of the catalog number
