To Order: Locate the gasket range that accommodates your pipe O.D. for both coupling ends. Use the corresponding catalog number.
Example: To connect 6.63 O.D. PVC pipe to 7.10 O.D. pipe use catalog number FC1-690-720; for 12" long sleeve FC1-690-720-L12.

***Options:** **SH** Standard coated coupling with stainless steel nuts and bolts; Add **"-SH"** to the catalog number.

ESH Epoxy coated coupling with stainless steel nuts and bolts; Add **"-ESH"** to the catalog number.

Example: FC1-690-720-ESH is an FC1 coupling with epoxy coating and stainless steel nuts and bolts.

N Coupling with Buna-N gaskets; Add **"-N"** to the catalog number and add 5% of the standard coupling price to the list price.

To Order: Locate the gasket range that accommodates your pipe O.D. for both coupling ends. Use the top range of each gasket size to determine the catalog number.

Example: To connect 6.63 O.D. PVC pipe to 6.90 O.D. pipe use catalog number FC2A-663-720.

***Options:** **SH** Standard coated coupling with stainless steel nuts and bolts; Add **"-SH"** to the catalog number.

ESH Epoxy coated coupling with stainless steel nuts and bolts; Add **"-ESH"** to the catalog number.

Example: FC2A-690-720-ESH is an FC2A coupling with epoxy coating and stainless steel nuts and bolts.

N Coupling with Buna-N gaskets; Add **"-N"** to the catalog number and add 5% of the standard coupling price to the list price.

Note: Gaskets for SDR 35 sewer pipe are available in the following sizes: 4.22", 6.23", 10.50" and 12.50". Use these sizes as part of the catalog number. Contact factory for pricing.

Steel Size PVC x Ductile Iron

A/C x C900 PVC

Steel Size PVC x Steel Size PVC

To Order: Locate the gasket range that accommodates your pipe O.D. for both coupling ends. Use the top range of each gasket size to determine the catalog number.

Example: To connect 6.63 O.D. PVC pipe to 6.90 O.D. pipe use catalog number FC2A-663-720-L12.

***Options:** **SH** Standard coated coupling with stainless steel nuts and bolts; Add **"-SH"** to the catalog number.

ESH Epoxy coated coupling with stainless steel nuts and bolts; Add **"-ESH"** to the catalog number.

Example: FC2A-690-720-L12-ESH is an FC2A coupling with epoxy coating and stainless steel nuts and bolts.

N Coupling with Buna-N gaskets; Add **"-N"** to the catalog number and add 5% of the standard coupling price to the list price.

Note: Gaskets for SDR 35 sewer pipe are available in the following sizes: 4.22", 6.23", 10.50" and 12.50". Use these sizes as part of the catalog number. Contact factory for pricing.

Larger, fabricated steel flanged coupling adapters are detailed in catalog section N.

Note: Optional anchor studs are available at \$ **38.84** for each stud. For two studs add "-AS2" to the catalog number; for four studs add "-AS4" to the catalog number. This coupling is furnished with tee-head bolts and a built-in O-ring gasket.

End rings and gaskets for FFCA's are not interchangeable with the balance of the Ford coupling system.
